

SEATTLE NURSING RESEARCH CONSORTIUM

SCHEDULE OF POSTER SESSIONS

JANUARY 31, 2012

0800-0900 AM POSTER SESSION – R & T 109/113

- 1. Standardizing Pressure Ulcer Identification, Treatment and Documentation Among Acute Care Nurses**
Akinade, A., Karvonen, C., Boyd, L., University of Washington Medical Center, Seattle, WA
- 2. Put Skin in the Game: Activating the Pressure Ulcer Prevention Competencies of the Bedside Nursing Team**
Galloway, S., Lu, L., Noel, E., Pompey, C., Virginia Mason Medical Center, Seattle, WA
- 3. Improving Wound Care Management of a Home Health Agency**
Pohlschneider, A., University of Portland, Portland, OR
- 4. Use of a Sacral Silicone Dressing to Reduce the Incidence of Sacral Pressure Ulcers in the Cardiothoracic Intensive Care Unit (CICU)**
Boyd, L., Karvonen, C., University of Washington Medical Center, Seattle, WA
- 5. Multidisciplinary Approach to Improving Pain Management**
Martin, L., Kelly, M., Roosa, K., Harborview Medical Center, Seattle, WA
- 6. Central Line Bloodstream Infection Prevention: Going Beyond the Insertion Bundle**
Makarewicz, V.A., Taylor, L.R., University of Washington Medical Center, Seattle, WA.
- 7. Critical Care Unit Patient Hand Hygiene Process Improvement**
Long, D., Day, K., Saiz, J., Gerke, T., Griffin, B., Welch, R., Archer, M., Portland Veterans Administration Medical Center, Portland, OR
- 8. Reduction of Obstetric Surgical Site Infections in Cesarean Deliveries at UWMC**
O'Connell K., Butler P., Chilson R., Goodburn M., Gartman T., Wren T., Holzkenecht H., Adams C., Uffelman J., University of Washington Medical Center, Seattle, WA
- 9. Enhanced Nursing Communication to Improve Patient Bathing Practices to Reduce Surgical Site Infections**
Zeigler, J., University of Portland, Portland, OR
- 10. To Gown or Not To Gown? Clearly Communicating a New Transmission-Based Precaution Principles Guide**
Gilliatt, P., Kirby, N., Kelly, D., Virginia Mason Medical Center, Seattle WA.
- 11. Reducing Patient Falls in Acute Care by Standardization of Fall Risk Assessment and Targeted Interventions**
Ochan, H., University of Portland, Portland, OR
- 12. Decreasing Post-Surgical Complications Among Patients at High Risk for Adverse Respiratory Events**
Abbott, A., Anderson, I., Boniog, H., Kelly, M., Luu, L., Mencias, B., Olson, J., Ramos, P., Tentor, M., Tsognyi, S., Wrona, L., Harborview Medical Center, Seattle, WA

0800-0900 AM POSTER SESSION – R & T 117/121

- 13. Mandatory EtCO₂ Monitoring in the Cardiac Cath Lab to Eliminate Complications from Over Sedation**
Downing, S., Thompson, Z., Swedish Medical Center, Seattle, WA
- 14. The Comparison of Pulse Oximetry, End Tidal Capnometry, and Integrated Pulmonary Index in Adult Post-Operative Patients**
Northrup, J., Fox, D., Lechich, D., Dupre, J., Rogers, K., Arnold, L., Olson, M., Allenmore Hospital, Multicare Health System, Tacoma WA
- 15. Decreasing Vent Days and VAPs in the MICU using an Intermittent Sedation Protocol**
Schuldt, S., Craft, S., Parent, M., Price, N., Ouellette, D., Lazar, M., Behrendt, R., Bridgen, T., Eklund, R., Halash, C., Pattne, S., Ruman, P., Peters, M., Eichenhorn, M., Henry Ford Hospital Detroit, Detroit, MI
- 16. Reading the Wave of Fluid Responsiveness with Pulse Pressure Variation**
Allan, G., Harborview Medical Center, Seattle, WA
- 17. Passive Leg Raising Maneuver to Predict Fluid Responsiveness in the Critically Ill Patient**
Cochran, J., Cowan, E., Harborview Medical Center, Seattle, WA

SEATTLE NURSING RESEARCH CONSORTIUM

SCHEDULE OF POSTER SESSIONS

JANUARY 31, 2012

- Cardiac Tamponade: Early Recognition, Treatment and Communication are Critical**
18. Lundgren, A., Chan, M., Harborview Medical Center, Seattle, WA
- When Wet is Too Wet: A Clinical Approach to Managing Fluid Overload Using Ultrafiltration**
19. Ball, T., Madigan Healthcare System, Joint Base Lewis-McChord, WA
- Saline Delivery During Hemodialysis: Efficacy of Anticoagulation of Bolus Rinse Versus Continuous Infusion**
20. Smith, N.C., Havens, C., Astudillo, M., Chapacharis, J., Gomez, V., Madayag, P., Vinson, Z., University of Washington Medical Center, Seattle, Washington
- Standardizing Comfort Care for Patient Family Focused Customized Care**
21. Sherman, S., Misek, H., Strain, L., Westley, M., Smith, I., Kregenow, D., Wank, W., Kirtland, C., Virginia Mason Medical Center, Seattle, WA
- “Do You Really Hear Their Voice?” Using Patient and Family Satisfaction Data in the ICU to Improve Care**
22. Maller, M., Wood, D., University of Washington Medical Center, Seattle, WA
- DPOA: Giving a Voice to the Voiceless**
23. Greenfield, L., Pedack, A., Davis, L., Allan, G., King, K., Moore, L., Harborview Medical Center, Seattle, WA
- Improving Patient Understanding of Medications at Skilled Nursing Facility Discharge**
24. Martaus, T., Von Lehe, J., Macuiba, J., Hillman, L., Group Health, Seattle, WA
- Improving Patient Satisfaction with Discharge Planning on an Ambulatory Surgical Unit**
25. McDonald, R., University of Portland, Portland, OR
- Helping Nurses Identify Chronically Ill Patients with Palliative Care Needs**
26. Zeiter, E., University of Portland, Portland, OR

1400-1500 PM POSTER SESSION R & T 109/113

- The Effect of Obesity Levels on Sleep Quality and Quantity in Taiwanese Adults: The Preliminary Survey Study**
27. Shih-Chi C., Chao-Chun H., Wen-Chun, L., Chang Gung University, Taiwan
- Implementation of a Quiet Time (QT) Period in a Busy Level I Trauma Center’s Trauma Intensive Care Unit**
28. Huster, K., Stafford, A., Rovenska, M., Harborview Medical Center, Seattle, WA
- Neonatal Intensive Care Room Thermal Environment Effect on Incubator Operation**
29. Bailey, K., Thomas, K., Seattle Children’s Hospital, Seattle, WA
- Premature Infants in the Medical Environment: Phthalate Exposure and Health Outcomes in the Neonatal Intensive Care Unit**
30. Graf-Brennen, E.¹, Bender, D.¹, Lawson, B.¹, Kletter, G.¹, Sathyanarayana, S.², 1-Swedish Medical Center, Seattle, 2-University of Washington, Department of Pediatrics, Seattle Children’s Research Institute
- Nurse Handoff Report: Bridging the Divide to Improve Nursing Satisfaction**
31. Gillis, V., Wyant, S., Cherin, J., Deatrick, S., Kratochvil, K., Nasenbeny, K., Theiler, S., University of Washington Medical Center, Seattle, WA
- Improving Transitions in Patient Care Through the Use of RN Telephone Visits**
32. Richardson, J., Belland, R., Portland VA Medical Center, Portland, OR
- Bridging the Gap Between Acute and Ambulatory Care Nursing: Implications for Developing Cross-Training Programs**
33. Chalupnik, K., Stewart, C., Stone, T., Harborview Medical Center, Seattle, WA
- Bringing Caring Back to the Bedside**
34. Hirnie, C., Kirby, N., Kelly, D., Kopf-Klakken, S., Virginia Mason Medical Center, Seattle WA
- Proactive Treatment Agreements: Reducing Disruptive Patient Behavior in the Acute Care Hospital Setting**
35. Johnson, S., Bykonen, M., Sullivan-Lee, L., Swedish Health Services, Seattle, WA

SEATTLE NURSING RESEARCH CONSORTIUM

SCHEDULE OF POSTER SESSIONS

JANUARY 31, 2012

36. **Patients' Perception of Nursing Staff Actions/Communications that Reduce Demoralization in the Acute Care Setting**

Davis, D., Sweeny, S., University of Washington Medical Center, Seattle, WA

37. **Acute Care Delirium Prevention Pilot Program: Process, Outcomes and Lessons Learned**

Keefe, J., Johnson, S., Swedish Health Services, Seattle, WA

38. **Collaboration between ED and ICU: Evaluation of a Novel Device**

Pickett, J., Williams, M., Schlaman, M., Swedish Medical Center, Seattle, WA

1400-1500 PM POSTER SESSION R & T 109/113

39. **Environmental Sustainable Pharmaceutical Wasting in the Clinical Setting**

Eble, M.P., Blayney, C., Clayton, J., McMillin, J., Wolff, K., Harborview Medical Center, Seattle WA

40. **Prevalence of Metabolic Syndrome in Healthy Service Members**

LTC McGraw, L., MAJ Greve, R., Madigan Healthcare System, Joint Base Lewis McChord, WA

41. **Development of a Nasal Securement System in an Adult CCU**

Busch-Anderson, S., Hudson, D., Portland Veterans Administration Medical Center, Portland OR

42. **"Pump Pipeline": A Visual Tool Outlining the Process for Obtaining an Insulin Pump**

Janci, M., Sameshima, L., Thomson, P., Younghans, P., Nagusky, D., UW Diabetes Care Center, Seattle, WA

43. **A Comparison of Standard Temperature Measurement Techniques in Oncology Patients**

Taylor, L., Torgeson, R., Lee, L., Seattle Cancer Care Alliance/University of Washington Medical Center, Seattle, WA

44. **Impact of Direct to Bed Triage in the Emergency Department**

Jones, A., Schmedel, W., Providence St. Vincent Medical Center, Portland, OR

45. **An Innovative Way to Optimize Pediatric Code Blue Response: Simulation and Practice Through Code Blue Role Clarification**

Roehrig, N., Blackburn, J., Swedish Medical Center, Seattle, WA

Journal Club in the Trauma ICU

46. Huster, K., Cazier, M., Harborview Medical Center, Seattle, WA

47. **Staff Nurses Educating Staff Nurses: Revision of the Policy and Procedure and Implementation of Institutional Specific Education for Care of the Intra-Aortic Balloon Pump Patient**

Boyd, L., Branham, J., Greco, S., University of Washington Medical Center, Seattle, WA

48. **Clinical Nurse Leader to Nurse Interface: Impact on Nurse Self Competency in the Use of the Confusion Assessment Method**

Kim, E., Neff, K.B., Virginia Mason Medical Center, Seattle, WA

49. **From the Ground Up: Clinical Nurse Leader Role Development in an Outpatient Clinic Setting**

Parker, N., University of Portland, Portland, OR

50. **Creating a Comprehensive Orientation Program for New Hire Clinical Nurse Specialists**

Roehrig, N., Williams, M., Pickett, J., Swedish Medical Center, Seattle, WA

Implementing Hourly Rounding at UW Medical Center

51. Hampton, L., Sayre, C., Torgeson, R., Wong, K., University of Washington Medical Center, Seattle, WA

Using a Reliable Method of Instruction to Implement Independent Double Check for High Risk Medications

52. Klee, K., Brisk, M. A., Ridling, D., Seattle Children's Hospital, Seattle, WA
